Designed to support and encourage Aboriginal Artisan to successfully promote their performing, literary, visual, traditional and contemporary arts to the international world through the world wide web, **ARTIST IN ACTION** will allow emerging and established Aboriginal Artists showcase their talents while encouraging global access to Alberta's rich Aboriginal cultures.

Alberta Native Friendship Centre staff will be visiting your area Friendship Centre to capture digital images, sound and video recordings to showcase Artisan's works online and to assist in application completion.

Please plan to attend with samples of your work.

To participate in this innovative initiative, Artisans must: be of Aboriginal origin, complete and return an **ARTIST IN ACTION** application (available at all Alberta-based Friendship Centres) and must have current membership in one of twenty community-based Friendship Centres located in Alberta.
